Mr. Dougall, of Glasgow, has been commissioned by the Prince of Wales to manufacture a number of the very finest double-barrelled rifles to form part of the fire-arms to be presented by the Prince of Wales to the more eminent princes and chiefs during His Royal Highness' visit to India. The Prince of Wales (as well as the Duke of Edinburgh) it may be mentioned, is an excellent judge of such weapons, and well skilled in their use, and, with his usual good taste, he has commadded that while they are to be of the highest intrinsic quality, the guns are to bear no unusual ornamentation beyond His Royal Highness' arms upon a gold medallion to be inserted into each stock.

General Sir Charles Yorke, G.C.B., who entered the army as far back as 1807, and is now eighty five years of age, has been installed as Constable of the Tower with the ceremonies usual on such occasions. The gallant officer succeeds Sir William Gomm, whose installation took place in November, 1872.

A terrible explosion has occurred at the Pyrotechnic School at Toulon. According to a telegram to the "Daily News," it was occasioned in a most extraordinary manner. A naval lieutenant was filling bottles with dynamite, gun-cotton, and phosphate of calcium, and the story is that a drop of perspiration from his forehead, falling, under certain conditions, on matter not explosive without contact with water, produced the catastrophe. At any rate three persons were killed on the spot.

Two members of the French Assembly lately fenced at one another at Longway for twenty-seven minutes, when one received a scratch in the arm, and "the duel was discontinued." No names are given, but there was lately a quarrel in the Chamber between M. the Baron Decazes and General du Temple, apropos to a violent speech of Du Temple's, the Baron having said that when a man talked that way he should be sent to the mad doctors. In the Assembly General du Temple, M. Francheu, and M. Gavardie sit together. They are called "the three musketeers of interruption."

It is now believed that the total loss of life as the result of the floods in the south of France does not exceed 600. The total loss of property is estimated at 100,000,000f. At Glos and Lisieux, in Calvados, the rapid rising of the river Toucques has caused some loss of life and great damage to property. Seven persons have been drowned, many houses have fallen, and two bridges have been carried away. The villages and country round were completely submerged, and of course the crops are destroyed. The subscriptions raised by Mme. de MacMahon and the Treasury now amount to 3,597,227f.

The "Academy" says that a colossal piece of sculpture representing the Crucifixion is to be set up this autumn in the village of Oberammergau. The sculpture has been executed by Professor Halbig, of Munich, as a commission from His Majesty the King of Bavaria, and is said to be a grand and impressive work. A difficulty has arisen as to its transport from Munich to Oberammergau, for its mass is so great (it weighs 25,000 kilogrammes) that ordinary means are insufficient for its safe conveyance,

EXTRAORDINARY CASE—"AN EVIL LIVER."

Sir R. Philmore, in giving judgment in the suit by Mr. Jenkins, of Clifton, near Bristol, against the Rev. F. S. Cook, the incumbent of Christ Church in that place, for refusing to administer the Sacrament to him, declared that the law of the Church of England had been framed to guard against the reception of Holy Communion by those whose lives were not in conformity with the precepts of Christianity. He considered that by denying the doctrine of eternal punishment and the existence of Satan, Mr. Jenkins was such an "evil liver" as was intended by the rubric to be excluded, and that Mr. Cook was justified in refusing to administer the Communion to him. The suit was, therefore, dismissed with costs, but notice was given of an appeal to the Judicial Committee.

The "Daily News," in commenting on the case, says:—"It will be a novelty to many lay members of the Church of England that the personality of the Devil is an article of the creed not to be rejected upon any less peril than excommunication. It is desirable that this statement should be tested as soon as possible. Southey, an enthusiastic member of the Church of England, used to profess his inability to accept much of her undoubted teaching, and so do thousands of laymen. Whether such a position is permissible is a question which must not be left in the hands of Canonists, but must be decided by English lawyers."

The Manchester "Guardian" remarks:—In a celebrated judgment of the Privy Council involving the exact point of doctrine in dispute between Mr. Perkins and his Vicar, Lord Westbury conceded to the clergy a liberty which the Dean of Arches denies to a layman. It would seem that a clergyman may excommunicate a parishioner for disbelieving what he is entitled to disbelieve himself."

It is stated that one of the five men accused before the Jury Court at Galatz of participation in the outrage on Mr. and Mrs. Dodson, near that city has been found guilty and sentenced to five years' imprisonment, the utmost punishment the Roumanian law provides for robbery with violence. The other four prisoners were acquited. The trial was watched by Mr. G. B. Ward, Her Britannic Majesty's consul; and, on the result being known, Mr. Dodson resigned a claim of civil damages which he had made against the accused, but it is added that he intends proceeding against the Roumanian Government, grounding his claim on the inefficiency of the police supervision in the neighborhood of Galatz. Not one of the articles stolen has been recovered, nor could any confession be extorted from the prisoners, though, as is usual in Roumania, they were severely beaten and otherwise tortured with that object.

A GREAT VARIETY OF NOVELTIES received by last steamer, are now for sale by THOS. WILSON & Co., consisting of Grenadines Yosemites, French Muslins, Prints, Piques and a large assortment of other new Dress material. Shawls, white and colored Skirts, children's Pique and Tassore Costumes, Sun-shades, Ribbons, Feathers, Flowers, Ladies' Silk Scarfs, plain and fancy Dress Buttons, &c. These goods having been bought direct from the Manufacturers will be sold cheap.

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superseded what used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared his premises on Fort street, as sold by all the principal dealers.

Governmental Injustice.

EDITOR COLONIST:—About the 9th of January last, during the severe cold weather, I hired my sloop to the Provincial Police Officers to proceed to Sooke and arrest a murderer, at $6 per day. I placed the sloop in charge of Sergt. McCarthy of Esquimalt. The next day I was informed that she had gone ashore on this side of Williams Head and had been abandoned there. I went down with three men to save the sloop. I was forced to put a new bottom in her and make other repairs, at a cost of $325. Owing to the wreck of my sloop I was thrown out of business all last winter. I have made repeated application to the Government to pay me the cost of repair only, and they have refused to do so. I am now summoned to pay the costs of the repairs and am unable to do it. Mind I consider to be a hard case, for if the Government can escape the responsibility of the damage inflicted upon my sloop while she was in the charge of its own officers, no person will in future be safe in assisting to bring criminals to justice.

Yours, etc., JOHN COLLINS,
Owner of sloop "Duncan."

DR. J. COLLIS BROWNE'S (Ex Army Med Staff)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W. P. Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr. Browne's—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, or freshing sleep, relieves pain, calms the nervous system restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma Croup, Rheumatism, Neuralgia, Cough, Hysteria, &c.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec 31, 1864.

From A. Montgomery, Esq., late inspector of Hospitals, Bombay. Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when other medicines had failed.

Dr. Lowe, Medical Missionary in India reports (Dec 1865) that in nearly every case of Cholera in which Dr Collis Browne's Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox remedical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases,

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed

See leading article, Pharmaceutical Journal, Aug 1, p869, which states that Dr J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered. Sold in bottles at 1s 1½d, 2s 9d, 4s 6d, and 11s each.

CAUTION—None genuine without the words "Dr. J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentry, Foul Stomach, Breath, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and purifying the Blood.

Are the most congenial purgative yet effected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action; and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skilful physicians, most eminent clergymen, and our best citizens send certificates of cures performed and of great benefits they have derived from these Pills. They are the best physic for children, because mild and effectual. Being sugar-coated, they are easy to take; and being purely vegetable, they are entirely harmless.

More Law Reform Needed.

We hold it as a maxim that it is the duty of the State to make its laws known unto the people. The latter are presumed to know the law, as no one is allowed to allege his ignorance of it. "Ignorentia juris non excusat" is a fundamental maxim of the law. As, then, every person is bound by the law and cannot, when having violated it, show as his excuse that he was not aware of it, all will readily agree that the authorities ought to make the laws as widely known as possible. We can recall to our minds a well-know practice among the early Romans which was, in direct violation of the principle we are contending for. The forms of practice and proceedings at law were kept secret from the common people by the pontifices, the interpreters of the law, so that their clients would be obliged to retain them to prosecute their suits; but Appius Claudius Cæcus, one of the pontifices, having made a collection of them about the year of the foundation of the city, 473, his secretary, Cneius Flavius, stole it and published them to the world under the title of the "Flavian Civil Law." We, however, live under happier times, and see the laws of each session published and distributed throughout the land. What we wish to do by this article is to call the attention of our rulers to a violation of our maxim. The County Courts being essentially the poor man's courts, are established, not by enactments *in extenso*, which could be read by all who wish to prosecute or defend in the Courts, but are introduced *en bloc* in the following words: "So much of the following enactments of the Imperial Parliament of the United Kingdom, viz: the 9 and 10 Victoria, chapter, 95; 13 and 14 Victoria, chapter 61; 14 and 15 Victoria, chapter 52; 15 and 16 Victoria, chapter 54; and 19 and 20 Victoria, chapter 108, as are applicable to this colony, are hereby adopted and enacted as the laws of this colony, subject to the provisions hereinafter contained." [See Revised Statutes of B. C., No. 95, sec. 2.] By the 14th Sec. of the same Act, until rules are made by the Judges of the Supreme Court, "the practice in such Courts and the fees to be taken therein shall in all things or nearly as may be conform to the practice, fees and other matters established in and regulating County Courts in England in A. D. 1858." Surely, at the time of the passing of the above Act there were legal gentlemen in the Province who could have taken the scissors and cut out the various English enactments to be introduced, and the Legislature could have enacted them so that they might have been distributed over the land. Who now among the people can have access to these English Statutes to know how to proceed with their cases? and who better than the Legislature decide the question which they shirk as to how much of these enactments are applicable to British Columbia? Who decides this question now? The County Judges with an appeal to the Supreme Court, all at the expense of the suitors; and as no rules have been made, how are the public to have access to English rules only to be had at great expense and when had how difficult it is to apply forms and procedures made for another country. We hold it is the bounden duty of the Government to consolidate all the Acts relating to the County Court, and have proper rules of practice with forms made, making such changes as the circumstances of this Province, differing from England, require Let them be published and brought within the reach of the public, and then people being out of the reach of legal assistance in Victoria will be able to guide themselves in their business with the Court, If we turn to the Province of Ontario we see that the Legislature have discharged their duty to the public in establishing there inferior courts called Division Courts. By the 19th chapter of her Consolidated Statutes, these courts are regulated in 219 sections *in extenso*, so that he who runs can read. Provision is made for rules of practice and forms to be made by the County Judges, and they are made and distributed throughout the land, and thereby the complete law of the establishment, proceedings and practice of these courts, which are intended for the poor man and generally without the assistanee of lawyers, are placed before him. How different here, where we boast of so much perfection; No statutes, no rules, no forms, nothing but reference to English statutes, rules and forms, beyond the reach of the public and in the hands of legal gentlemen, all residing at Victoria or Cariboo. We are not unlike the old Romans, at the time spoken of, except in this, that there is no Cneius Flavius amongst us to publish the English statutes, rules and forms, so that, in truth, we are worse off. We may observe that a bill was introduced by the Government last session consolidating these statutes; but it was not proceeded with, and we would ask why not? The fact of its introduction by the Government and being mentioned in the speech from the throne is an evidence that the men in high places admit the evil. The Attorney General is specially charged, as the first law officer of the Crown, with all necessary amendments to the law, and if he would only turn his attention seriously to this matter he could give, what he might have given some time ago—a perfect County Court Law.

FRENCH MEDICINES

PREPARED BY

GRIMAULT & CO.,

PHARMACEUTICAL CHEMISTS,

8, RUE VIVIENNE,

PARIS.

OF all the medicines offered to the public for many years past, none have met with such favorable reception, or been so generally approved by the Medical Profession, as those prepared by Grimault and Co.

The model laboratories of this firm, situated at Neuilly-sur-Seine, and managed by Dr. Leconte, Professor in the Faculty of Medicine, ex-Pharmacist of the Hospitals of Paris, and formerly Assistant of Dr Claude Bernard, Professor of Physiology at the College of France, offer guarantees to be found in no other establishment.

NURSING---PREGNANCY---EXHAUSTION.

Busart's Lactophosphate of Lime Preparations.

The preparations having Lactophosphate of Lime at their base, known as Dusart's Wine and Syrup are the most valuable tonic restoratives known. They promote the formation and the nutrition of tissues, render nurses' milk more rich and plentiful, and aid the formation of the infant during pregnancy. They stimulate the appetite, agree with feeble persons, convalescents, old people, and especially with children to counteract the tendency to rickets.

GRIMAULT & CO'S

Syrup of Hypophosphite of Lime.

An excellent remedy for all affections of the chest; it relieves coughs, effectually prevents nocturnal perspiration, and restores the patient's strength. This syrup is the only one which, ever since 1857, has invariably been attended with satisfactory results—a fact due to the purity of the hypophosphite employed. Be sure to observe that it bears the signature of Grimault and Co., on bottles of an oval shape, the syrup being always of a rose colour.

GRIMAULT & CO'S

Matico Injection and Capsules.

Composed of the essence extracted from the plant so called, they have been constantly employed with the most brilliant success in a certain class of contagious disease.

They combine extraordinary efficacy with the advantage of never causing nausea, eructations, or pains in the stomach, as do the gelatinous capsules which contain Balsam of Copahu in a liquid state; or the strictures which result from the use of injections having a metalic basis.

MARRIED.

In this city, August 9th, by Bishop Cridge, Mr. Arthur S. Finney, of Nanaimo, to Wilhelmina Spelde of this city.

Cariboo News.

WILLIAM CREEK.—The Bedrock Flume co. are doing very well, averaging about 100 oz. a week; they find that the deep ground, which was supposed to be in the centre or in the right bank of the creek, runs through from the Wide West into the Reid ground on the left bank. Two interests in the Reid claim, which now presents to view the finest bank of pay gravel on the creek, changed hands this week at $1000 per interest. The Bradley Nicolson and several other Chinese hydraulic claims are cleaning up well. The Casket co. (Thos. Potter) is also cleaning up well, as high as 143 oz. for one week. The Black Jack hydraulic co., under the formanship of Mr. Jas. C. McMillan, are putting in a new 20-inch flume, 3 inch bevel on each side, 20 inches on bottom, and 26 inches on top. The company have also ordered 600 feet of iron pipe; the upper 200 9 inch pipe; the next 200, 8 inch pipe, and the bottom 250 feet 7 inch pipe, No. 18 and 16 iron. The company have also sent to California for a Little Giant pipe, and have taken enough gold out of the seams and joints of the old flume to pay the new one.

CONKLIN GULCH.—The Ontario co. had 100 last week and 60 oz. up to Friday The Cora co. got 6 oz. out of a small prospect drive on Friday, one pick working.

LIGHTNING CREEK.—Van Winkle co. had 226 oz. up to Thursday. Victoria co. have got started to work below. Vancouver and Vulcan pumping; expect to have the water out in a few days. Gladstone co. running their drive ahead very fast. Rose co. have got their flume in and commenced sinking. Eleven of England still in rock, with every indication of breaking through soon.

New Westminster Dstrict.

[Guardian.]

New Westminster, has heard a great deal about a Rifle match with Victoria, but nothing definite, and would like to know when it is coming off

Report says, that the Agricultural Minister of Finance hasn't the pluck to face the music in the district. Wonder if they can find a constituency on the Island inclined to take him? We can assure them that he is not wanted here.

McLennan has completed his contract on the Pitt river road, and report says he has made a good job of it.

The woods in the vicinity have been on fire for the last eight or ten days; the conflagration on the Burrard Inlet road is very extensive. Near the Mission, also, the fire in the woods extends over a large tract of country.

[Herald.]

The fine weather has enabled the farmers to make good progress with harvest operations.

DISENFRANCHISED MINERS.—We understand that the miners of Cassiar have dispatched a petition to the Lieut. Governor praying that His Honor in Council may be pleased to issue a proclamation constituting Cassiar an electoral district. The memorial sets forth that through the refusal of the Government to extend them the privilege of registration that several hundred loyal British subjects have been disfranchised. This is a very serious allegation. It seems monstrous that any Government—especially *such* a Government as ours—should be vested with such tremendous power. We do not believe the disfranchisement is constitutional, and some miner who knows his rights and dare maintain them will bring the affair into Court and upset the next election. We hear the Attorney General claims that Cassiar is in the North-west Territory. How, then, does he justify the appointment of Provincial officers and the collection of miners' licenses, etc., therein?

SHELVED.—Mr. Booth, M P.P., one of the most subservient of the Government supporters in the Local House, has at last been provided for by his patrons. He has been tendered and has accepted the appointment of school teacher on Salt Spring Island. Thus, one after another, are the Silent Brigade provided for. It will surely be Mr. Semlin's turn next.

THE steamer Enterprise came in about 4:15 p. m. yesterday with the following passengers: Miss Clarkson, Miss Barnard, Capt. Raymur, H. Nelson, F. J. Barnard, J. A. Mara, J. Spratt, Messrs. Nelson, Clapperton. Trapp, Lenihan, Golding, Leopold, Sullivan, Moody. She also brought 50 sheep from Clapperton's ranch, at Nicola Lake, for Mr. F. Reynolds, and about 700 boxes of canned salmon.

PHILIP JAMES, M. D., Physician and Accoucheur of 45 years' experience, offers his services to the inhabitants of Victoria. Extracts Polypus and Cancer without the use of the knife. Pandora street, above the Synagogue.

Mrs. James presents her compliments to the ladies of Victoria as a practical Midwife of 30 years experience. ***

LOST AND FOUND.—Mr. A. Martin, of the firm of Martin & Hart, Cassiar, was lost for five days in the wilds between Telegraph Creek and Dease Lake, having missed the trail. When found by Mr. Hart and three Indians he had been five days without food, and was completely exhausted from exposure and starvation. At latest advice Mr. Martin had quite recovered.

PASSENGERS BOOKED. — The following passengers booked by the Pacific last evening for San Francisco: Mr. and Mrs. Lange, Miss L. Alderton, Miss L. Annsley, Wm. Armstrong, Thos. B. Hicks, N. Municipal Police Court.

[Before A. C. Elliott, Esq., and His Worship the Mayor.]

SATURDAY, Aug. 14th, 1875.

J. Wilson, on remand for stealing a pipe was again remanded till Tuesday.

F. Lusty, said to be of unsound mind and not under proper control, was also remanded.

Chas. Levy was charged by R. Plummer with stealing a brass padlock and key, a child's hat and other articles, value $2 50, from Woodbine Cottage.

Defendant said it was all a mistake, he had bought some goods at the auction and supposed the articles in question were part of his lot.

Remanded to give defendant time to consult a lawyer and in the meanwhile he was discharged, on entering into his own recognizances in $100 to appear.

SENSIBLE PROPOSITION.—The Mainland *Guardian*, while not objecting to the Island Railway, starts a very sensible movement for a compensation railway for the Mainland to be built from Kamloops to New Westminster. Such a road would liberate the great bands of cattle and the large quantities of produce that are now imprisoned east of the Cascades unable to reach a market, and would go far towards tranquilizing the popular mind on the Mainland. As we have repeatedly pointed out, the one great cause of our hostility to the present Government was the failure of Mr. Walkem to obtain, while at London, compensation for the Mainland. *Obtain* compensation, did we say? Why, the man never *asked for it!* Canada stood ready to entertain a proposition involving compensation for the Mainland, but instead of making one Mr Walkem placed the country in the hands of Lord Carnarvon and the Mainland got nothing. The proposition of the *Guardian* should form a plank in the Reform Platform. Compensation to both Island and Mainland should be the rallying cry in both sections; but no man who accepted the Government policy of compensation for the Island alone should be allowed to mouth it on the hustings.

THE Odd Fellows' cricket match came off yesterday on Beacon Hill. Messrs Howard and Powell picked sides, and Mr. Howard having won the toss for innings, sent his men to the wickets, where they remained until they had scored 101 runs. Dr. Davie knocking together 32 and not out, Howard 25, and F. J. Partridge 19 Mr. Powell and his friends then went to take care of the stumps. Mr. Powell himself making 42 and not out, and R. E. Green 12, the innings closing for 73, Mr. Howard's thus winning the match by 28 runs.

FOR THE CENTENNIAL.—Mr. Jas. Richardson, of the Geological Survey, departed yesterday for Ottawa. He has secured many fine specimens of fossil, mineral, forest and marine wealth for the Centennial Exhibition. On the Hudson Bay Company's wharf ye terday we saw two tons of fine coal from the Vancouver and Wellington mines, and a quantity of magnetic iron ore assaying 71 per cent., from Queen Charlotte Sound. British Columbia will occupy a very conspicuous position at the exhibition.

THE REVIVAL.—Rev. Mr. Nicholson and Russ, addressed a large audience at eight o'clock on the corner of Fort and Government streets. Mr. Spencer led the singing, and considerable interest was excited by addresses of the rev. gentlemen who exhibited great earnestness in the good cause.

REAL ESTATE.—The lot on the corner of Bastion and Government streets, 22x63 feet, has been sold for $6 500, and the Odd Fellows have bought the lots fronting 60 feet on Yates street, 60 feet on Johnson and 240 on Douglas street for $10,000 from Mr. Heisterman.

AN INDIAN suffering from a contagious disease has been allowed to lie on a lot on Store street, not far from Cormorant, for three days. The authorities were notified but did nothing. This indifference is certainly outrageous, and one of these fine days an indignant citizen will be suing the city for damages sustained.

INQUEST.—The Coroner held an inquest yesterday on the body of Joseph Lange who was drowned at the Gorge last Sunday and whose body was found yesterday at the second bridge. The jury returned a verdict of accidentally drowned. The remains were buried at once.

THE new Mission Church at Fort Simpson, which is to be under the pastoral care of Rev. Thos. Crosby, is well under weigh. The building will be 50x80 feet. The roof is on and shingled, and a well proportioned spire points to the heathen the way to Heaven.

NOMINATIONS.—At a meeting of Union Hook and Ladder Company No. 1, held last evening the following nominations were unanimously made: Mr. Joseph Wriglesworth of U. H. & L. Co., for Chief, and Mr. John Stephens of Tiger Co. No. 2, for Asst Engineer.

CHURCH NOTICE.—The Rev. John Rosenberg, Chaplain St Helen's Hall, Portland, will officiate on Sunday in Christ Church Cathedral, both morning and evening. The Lord Bishop will officiate in the morning in Esquimalt, and at 3 o'clock p. m. in Metchosin. **

TAKE NOTICE.—The Baptists beg most respectfully to give notice that their meeting which was advertised for last Sabbath, will be held (D.V.,) next Sabbath, at 7 P.M., in the Philharmonic Hall, Fort Street. All are invited, *

CEMETERY BOARD.—H. V. Edmonds, Robt. Dickinson, Jas. Wise, John Kirkland and John McInnes, Esqrs., have been appointed a Board of Trustees for the New Westminster Public Cemetery.

SILVER AND COPPER.—Col. Lane and Mr. I. Lipsett returned from Skeena River on the Otter bringing some fine specimens of copper and silver ore which they found there.

COMMISSIONED.—Mr. Jas. Murray has been commissioned as lightkeeper of Behrens Island, Victoria harbor.

EX SALVADOR.—The newest styles of Ruffles, Rufflings, Collars, Sets, Bows, &c., in unlimited variety at THOS. WILSON & Co's, Government street. *

THE SALVADOR sailed for San Francisco at 6½ o'clock last evening. She had 20 passengers and 875 tons of coal freight.

Work for the Willing.

EDITOR COLONIST: — One can readily understand conscientious divergence of opinion among orthodox Christians about some of the methods recently adopted in our midst with the common object of extending the kingdom and increasing the followers of King Jesus. These extraordinary efforts appear, however, to have given birth to a movement regarding which it seems difficult to conceive that any difference of opinion can exist. I refer to the proposed organization of what is designated a "Young Men's Christian Association" in this community.

Such associations have long been established institutions in the older Christian communities on this continent; and it is no uncommon thing to find them under the patronage of Governors in the original Provinces of this Dominion

Possibly in no community is such an organization more needed than in this, and it is not too much to hope that good men and true (including the clergy) of all Protestant denominations will be found joining hands and working together in promoting so laudable an object. Co operation among Christians is, under most circumstances, eminently desirable. In this instance it might almost be accepted as a test of sincerity. Let the good and earnest of the various denominations so happily uniting in the work inaugurated in our midst by Mr. Hammond now come promptly to the front and aid in the formation of a "Young Men's Christian Association," or "Union," on a broad Catholic basis.

AN OLD MAN.

Letter from Skeena River.

MR. EDITOR—Dear sir—Vital and Gardner, the Government prospectors for a trail from Stickeen to Skeena, have arrived after a 59 days' trip at the Forks. The latter portion of the journey was attended with great hardships—they having to subsist on grass, roots, etc. They endeavored to get through too far to the northward. They have started back and will take a more southerly route—one formerly used by the Indians on the Naas, when they traded fish and grease with the Stikine Indians near Telegraph Creek.

It is reported that Jim May has found good diggings on Silver Creek in Omineca Can't vouch for the truth. I am very much like the Virginny preacher, "Blessed am dey dat expect nuffin. Dey ain't guinn to be disippinted."

Yours, in haste,
JOYCE HEATH.

Politics at Clinton.

EDITOR COLONIST:—Politics are quite exciting in our district Many candidates offering; but the general belief now is that when election day comes it will be a "walk over" for two staunch Reformers—Morrison and Brown. I think the former will poll more votes than has been polled in the district for a number of years. Morrison has to day returned from a canvassing tour of the district, and speaks highly of his reception everywhere.

E.

Cassiar Correspondence

A Card.

In a copy of the "Daily Standard" published at Victoria in May last I find my name mentioned in a manner that expresses a gross falsehood. Under the heading of "Another Letter from Wrangel," it is there stated that "cabin passengers on board the steamer Gertrude from Victoria to Wrangel were given to understand at the time of buying their tickets that if the steamer had to lay at Wrangel on account of the river not being open, the passengers were to keep themselves until the river was navigable. On arriving at Wrangel, the river not being open, one of the passengers, Mr. W. Brown, of Victoria, thought proper to express himself as being badly treated in having to keep himself while the steamer lay at Wrangel, and said it was a catch, when, on the contrary, every passenger from Victoria was well aware of the fact. The arrangement not being in black and white, Mr. Brown thought proper to try to take an unfair advantage for which he obtained no credit."

Now I emphatically deny that any such arrangement was made known to me when I purchased my ticket, which was from Victoria to Glenora, (and not to Wrangel). There are a number of the passengers here who can testify the same and who experienced the same treatment from Capt. Moore, amongst whom I may enumerate Mr. Lenning, Mr. Losee, Mr. Edwards, Mr. Stocker, and many others; and although this occult writer of "Another Letter from Wrangel" would wish to convey the impression that I was the only one that expressed myself on the occasion, the expression was general on the part of all the passengers with the exception of three, who were taken on board at Nanaimo and made a quainted with arrangement. In regard to taking unfair advantages, I will state that having resided in this colony and province for many years I defy any man to say with truth that I ever tried to take an unfair advantage of any one. *Can Capt. Moore say the same?* The fact is, his name is a byword in that line where he is best known; although it is hard for any one to act contrary to their constitution and nature, still if Capt. Moore cannot be a gentleman he might at least speak to his passengers with common civility and not in language and with manners that no gentleman would use towards Siwashes.

The reference to black and white would convey the idea that I could have been bound had such precaution been taken; but now often in this colony and province have black and white failed to bind Capt. Moore. And I venture to say had there been a resident British Consul at Wrangel, Capt. Moore would have acted differently and addressed his passengers in different style.

Should the said Capt. Moore or his occult writer of letters from Wrangel want to hear a little more plain truth, they can be accommodated by applying to this said-to-be lover of unfair advantages, who expects neither credit nor approval from any of their kind.

W. V. BROWN.

LAKETOWN, CASSIAR, July 24th, 1875.

LAKETOWN, July 25th.

EDITOR COLONIST.—A great excitement has broken out in the neighborhood of McDame Creek, and quite a number of new "strikes" are reported. These are all in benches, and but little difficulty is experienced in working them.

This country (McDame) appears to be the centre of attraction at present and every boat which leaves for below is loaded with men and freight. This, together with the fact that nearly all the claims on Dease have commenced active operations, has left our little town as quiet as a country village. In the meantime, not a few claims on this creek are paying remarkably well; and some which last year almost impoverished the shareholders are, at the present writing, recording favorable and encouraging "wash ups"; and taking the whole district through we may look for this season to equal if not surpass last. It may be safely predicted that for a long time to come Cassiar will continue to form quite an important corner of British Columbia.

Now, in view of these facts, the people here are not only disappointed and surprised, but feel themselves unkindly dealt with by the opposition which was shown Mr. Robson's motion to make Cassiar an electoral district, and there is no doubt but an expression of the feelings of the people with regard to the same will shortly be made known, and that in such a manner as to leave no doubt as to the sincerity of its motive.

Up to the time of writing no information has reached us as to the whereabouts of Mr. Martin, of the firm of Martin & Hart of this place. It appears that his train was about to leave Telegraph Creek for Dease Lake, and Mr. Martin started on horseback ahead. But on the train reaching the second North Fork, they found that he had not made his appearence at that point. This was on last Saturday, and although diligent search has been made, nothing has as yet transpired as to his fate. As soon as the news reached here, Mr. Hart started out to prosecute a search. Many are the conjectures as regard his fate, and whether he has accidentally taken a bypath and got bewildered in the woods, or the Indians have gobbled him up, it is hard to say. In the meantime we are anxiously waiting further particulars.

Fannin has returned from the Stickeen. He reports having failed to reach the point on the river for which he was making, and, outside the bars on the main river he found nothing. On his way back he passed a party of five men under the command of Mr. Hank Elliot. They were building a a boat just below the mouth of the Cla-pan river. They were provisioned for four months and intend remaining on the Stickeen till driven out by cold weather.

A few experiments have been tried this season with regard to vegetable growing, and the results so far are not by any means unsatisfactory. In Mr. J. Clearihue's garden are to be seen very good samples of radish, turnips and lettuce.

The portly form of ex-mayor Harris is now amongst us; he arrived two days ago.

The Theatre troupe is on the way in.

VICTORIA.

McDAME CREEK, June 16th.

DEAR H.—I went on the illfated expedition to Delore River last fall, and have a sad tale to tell you. There were two parties on the river. Our party consisted of eleven men and three boats. We went down Dease river two hundred miles and struck the Delore. We went up that river about two hundred miles and were then frozen in. We built houses for the winter, all hands apparently in good health. Went into winter quarters on the 19th of October. By the first of November, when our houses were all built, some of the men complained of pains in their legs. We supposed them to be rheumatics; but these limbs turned black as jet. We then saw it was scurvy a desease we knew nothing about. The poor men soon got helpless and had to be lifted. Why think! Seven out of eleven down and all complaining. Two were entirely helpless, two could hobble on crutches; myself and two German's built a cabin together and took in one poor fellow who had a smoky house and was getting down with scurvy. Shortly after my two cabin mates were taken down and soon all got helpless. You can imagine my situation with three helpless men on my hands. They were so bad that I had to call in the neighbors to lift them in and out of bed. Three poor fellows in our camp died and were buried side by side. Their graves mark the site of the melancholy camp on the Delore. I wrote to the Government Agent last January, praying that the Government would aid our unfortunate companions. Had they sent in half a dozen Indians with some vegetables and preserved fruit, it would in all probability have saved the lives of some of the poor fellows. I am sorry to think that the Government looked on with cold-hearted indifference, and saw the poor fellows linger and die in this bleak and desolate clime. Our party decided that I should take the remaining sick and try and reach Dease Lake, with our boat while they remained to prospect further. I met a relief boat at McDame Creek, sent by the miners, to whom we are very grateful.

JERRY W. WOODS.

LAKETOWN, CASSIAR, July 27th.

EDITOR COLONIST:—I arrived here in May and have been at work ever since putting in wheels and pumps, boat building, etc. Wages, $15 per day. The weather has been very fine—quite equal to that of Victoria. The miners are all very busy. The majority have begun to take out gold, and from appearances there will be a fair return for their labor this season. Things are lively on Thibert Creek and McDame is promising well. Altogether, the prospects are magnificent. B.

THIBERT CREEK, July 24th, 1875.

McDame Creek is turning out very rich indeed. Men are leaving here every day for there. I understand that "Kelly the Rake" has taken out as high as $200 with a rocker. The country really is looking well. There will be a very large yield of gold this year and no mistake and yet the people of this district are virtually disfranchised. We have not one single word to say in anything that may concern us now or hereafter.

A Johnson and party are gone to the headwaters of Stickeen, with 9 animals loaded. Through the kindness of Mr. Turk, the packer, he has done more to explore the country than the Government and take all our money to expend in other constituences to make capital for themselves. Mr. Turk has also loaned animals to parties who are gone to prospect Tarcon River, He is truly a fine old fellow and deserves to succeed. D.

LAKETOWN, 25th July.

MR F. CAMPBELL:—News just received that a 17 lb. nugget has been found on McDame Creek. The country is looking well—better than at any time since 1863 Oliver Fontain's party are taking out 43 ozs. a day with three men shovelling. Wages on Thibert and Dease Creeks are $8 per day. Wages on McDame Creek, $10 per day

LAKETOWN, DEASE CREEK, July 25.

FRIEND JACK:—I shall start for McDame Creek in the morning. I can go down in 16 hours from here, but it will take me four days to come back. There are about 500 men down there, and the reports from there are so conflicting that no reliance can be placed in them. However, I have resolved to go and see for myself, and, if possible, to get a piece of ground for next season, as I think next season will be the best *proving* they have found what reports say they have, down there, namely: that 20 miles above the Discovery Claim they have found benches from six inches to two feet deep, that will pay one ounce to two, and give employment to 500 or 600 miners.

Labouring hands are scarce and in great demand at $8 and $9 per day on the creek, as it is only just now that the claims on Dease Creek are ready for working, and all companies are rushing and making the best possible use of time.

Thibert creek is more flourishing and has more men on it than last year, but like Dease creek is short of laboring men. It has been very quiet and dull among traders and saloon keepers all along until these last few days, but now all this has changed for the better.

No more fresh beef on the creeks until the arrival of the overland train, but there are still a few sheep left at 45 cents per pound.

About 450 men to work on Dease creek; 150 on Thibert creek; and 500 on McDame section. B.

OTTAWA, July 28.—It is probable that the Hon. Mr. Laird will be the first Lieut. Governor of the Northwest. Mr Laird has always taken great interest in the affairs of the Northwest, and last summer paid a visit to Manitoba and the Qu'Appelle lands, with the object of acquiring information from personal observation and meeting the Indians away from the settlements The time has come when a resident Governor in these territories is a necessity, and the country will learn with satisfaction that this Government have not adopted the policy of indefinite postponement in their dealings with the affairs of the Northwest.

Christ in Art

Of which the "Revue des Deux Mondes" the great critical authority of France, said "This work will rank side by side with the master pieces bequeathed to us by former ages." The official programme of the Vienna Exhibition, which was prepared under the supervision of the Austrian Government, said: "This beautiful work will cause M. Bida to rank with those great masters who have immortalized in art the records of Christianity. The "New York Times" very justly affirms that "There have been no such illustrations of the Bible till now." MR. TUCKFIELD will have pleasure in exhibiting and canvassing for this work in the city of Victoria. It is a book for all who love art and religion. It is the story of the words and acts of Jesus Christ as related in the language of the Four Evangelists, arrayed in one continuous narrative by Edward Eggleston, D D, illustrated with one hundred full page plates on steel and wood, after the famous designs of Alexandre Bida, which are admitted to be by far the most striking, characteristic and artistic representations of the life of Jesus ever made. ***

AUCTION

Near Nanaimo, British Columbia.

BUNSTER & Co

Have been favored with instructions to sell

On Saturday, Aug. 21st,

Part of the eligibly situated estate of

W. C. CHANTRELL, ESQ.,

IN WELLINGTON DIST,

In the immediate vicinity of the

CELEBRATED WELLINGTON COLLIERY,

And adjoining the famous

RIPPON ESTATE,

100 Acres of which were sold by Auction a few days ago for $16,500.

The Lots are 198x66, and are 140 in number.

Most of the northern lots abut on one or other of the two roads, and many on the Wellington tramway. The soil is good and suitable for gardens or villa residences.

The Pacific Mail Steamship Company's steamers will load at the Wellington Mine four times each month, which cannot fail to induce a large population to settle there.

There is a lake five minutes' walk from the eastern division full of good trout which may be caught by the bucket either from boat or shore.

This sale offers superior advantages to parties wishing to invest, as the town of Wellington is the most prosperous of any in the Province, and parties owning property there have received a larger return for their money than in any other town on the Pacific Coast.

POINT ATKINSON REVOLVING LIGHT.

Notice is hereby given that a Lighthouse has been erected by the Government of Canada on Point Atkinson, at the north westerly entrance to English Bay and Burrard Inlet in the Straits of Georgia, British Columbia.

Latitude 49 deg. 19 min. 42 sec. N.

Longitude 123 deg. 15 min. 54 sec. W.

A Revolving White Light on the catoptric principle, elevated 119 feet above high water, will be exhibited on 1st May next. The light will show at intervals of one minute, making a complete revolution in two minutes.

The tower is a square building with dwelling house attached, painted white, elevated 40 feet from summit to centre of Light. The Light will be visible round an arc of the horizon from the entrance to Burrard Inlet to an E. by N. ¾ N. bearing, and should be seen in clear weather 14 or 15 miles distant.

The Light should not be brought to bear to the Eastward of North by vessels in the Straits, as this bearing will only lead clear of Sturgeon Bank off Fraser River.

The Bearings are magnetic.

The Light is for coast purposes and to indicate the entrance to Burrard Inlet.

Gentlemen Electors of Lillooet District.

YOUR PRESENT REPRESENTATIVES to the Provincial Parliament having served their term, you will be called on to elect two others to represent the district for the next four years. Gentlemen, I think, that you will agree with me that a change in your representation will undoubtedly benefit the district. I therefore offer myself as a candidate for the representation of your district in the next Parliament, and pledge myself, if elected, to serve you in truth and honesty and to the best of my ability, leaving no stone unturned in trying to secure the well being and interests of the district and country in general. Being a comparative stranger to some of the electors I feel it my duty, as far as this notice will allow, to acquaint them with my reasons for soliciting their suffrages. Being a Nova Scotian by birth and bred, as it were, under Responsible Government, and knowing and feeling that Responsible Government, when honestly and justly administered, is the best to vernacular yet given to a people. Having spent the last 23 years in traveling through California, Australia, New Zealand and British Columbia—the last 11 years spent here, and having seen and felt the evil effects of an arbitary Government, I therefore, from experience have taught me which is the best Government. I am therefore prepared to uphold a Government who will give no monopolies in forest, land, mines or fisheries, who will equalize taxation, economize the treasury, immediately survey the public lands, give free grants to actual settlers, and a just franchise to all British subjects; seek indemnification for nonfulfillment of Terms of Union in regard to railroad through British Columbia, and legislate so as to remove all obstacles on our part to the commencement and completion of the railroad through British Columbia. To all men those are some of the subjects that direct legislation, and you must send men who are determined to see the evils which now crush the country remedied as soon as possible. Gentlemen, if you think I am worthy and capable of representing you in Parliament and do me the honor to accept my services, and elect me as your representative, I can assure you your confidence will not be misplaced.

I therefore beg to remain yours to command,

je15 w JOHN E LORD, Lillooet.

Electors of Cowichan District.

GENTLEMEN—I beg to offer myself as a candidate for the representation of this district in the next Parliament. With most of you I am personally acquainted, to others among you to whom I am not known I beg to state that I am an Independent candidate, belonging to no political party.

I trust to be able to see most of you before the election takes place, and should you do me the honor to return me as one of your representatives I pledge myself to serve you to the best of my ability.

I will support any measure calculated to give to British Columbia a Modified Tariff, which I think ought to be granted us as part indemnification for the non-fulfilment of the Terms of Union.

I will strongly advocate retrenchment in the public expenditure. I consider the completion of the Trunk Road of great importance to the East Coast settlements and that no Government ought to be allowed to neglect it. I will urge the immediate settlement of the Indian land question and the opening of the Cascade belt on the Island for immediate settlement.

I remain, Gentlemen, your obedient servant,

jy3dw W. Hy. LOMAS.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching, and dandruff; and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the Hair grow thick and strong.

As a dressing nothing has been found so effectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

Buckingham's Dye FOR THE WHISKERS.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown, or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off
